Application No. 09/967,106	:	DECISION ON PETITION
Filed: September 27, 2001	:	UNDER 37 C.F.R. §1.137(f)
Attorney Docket No. M-12222 US	:	
Title: STRICTLY NONBLOCKING	:	
MULTICAST MULTI-STAGE NETWORKS	:	

This is a decision on the petition filed on November 4, 2003, pursuant to 37 C.F.R. §1.137(f), to revive the above-identified application.

A grantable petition pursuant to 37 CFR 1.137(f) must be accompanied by:

- (1) Notification of the filing of an application in a foreign country or under a multinational treaty that requires 18 month publication¹;
- (2) The petition fee as set forth in 37 C.F.R. § 1.17(m), and;
- (3) A statement that the entire delay in filing the notice from the date that the notice was due under 35 U.S.C. §122(b)(2)(B)(iii) until the date the notice was filed was unintentional. The Commissioner may require additional information where there is a question whether the delay was unintentional.

Petitioner states that the instant nonprovisional application is the subject of an application filed in an international application on September 6, 2003. However, the United States Patent and Trademark Office was unintentionally not notified of this filing within 45 days subsequent to the filing of the subject application in either an international application or a foreign country.

In view of the above, this application became abandoned pursuant to 35 U.S.C. §1.22(b)(2)(B)(iii) and 37 C.F.R. §1.213(c) for failure to timely notify the Office of the filing of

an application under a multilateral international agreement that requires publication of applications 18 months after filing.

The petition under 37 C.F.R. §1.137(f) is **GRANTED**.

Petitioner has submitted the notification of an international filing, paid the petition fee, and has made the proper statement of unintentional delay.

The instant petition has been found to be in compliance with 37 C.F.R. §1.137(f). Accordingly, the failure to timely notify the Office of a foreign or international filing within 45 days after the date of filing of such international application as provided by 35 U.S.C. §122(b)(2)(B)(iii) and 37 C.F.R. §1.213(c) is accepted as having been unintentionally delayed.

The previous Request and Certification under 35 U.S.C. §122(b)(2)(B)(i), filed with the original application papers, has been rescinded. A Notice Regarding Rescission of Nonpublication Request which sets forth the projected publication date of March 25, 2004 accompanies this decision on petition.

It is noted that the address listed on the petition differs from the address of record. The application file does not indicate a change of correspondence address has been filed in this case, although the address given on the petition differs from the address of record. If petitioner desires to receive future correspondence regarding this application, the change of correspondence address must be submitted. A courtesy copy of this decision will be mailed to petitioner. However, all future correspondence will be directed to the address of record until such time as appropriate instructions are received to the contrary. Petitioner will not receive future correspondence related to this application unless Change of Correspondence Address, Patent Form (PTO/SB/122) is submitted for the above-identified application. For petitioner's convenience, a blank Change of Correspondence Address, Patent Form (PTO/SB/122), may be found at <http://www.uspto.gov/web/forms/sb0122.pdf>.

After this decision is mailed, the application will be forwarded to Technology Center 2600 for further processing.
